

Crystal Clear Pharmacy and General Practice Programme 2017

In 2015 we launched the **Crystal Clear Pharmacy and General Practice Programme** - Ireland's first **health literacy quality mark** for pharmacies and general practices. In the first two years we gave 50 pharmacies and three general practices the mark. It is free to apply for the mark (see www.nala.ie/crystalclear) and is awarded for two years.

To date (August 2017) we have 62 pharmacies (in 14 counties) and five general practices with the award.

The full list of pharmacies with the Mark are:
