

All over Ireland, lots of people are returning to learning and improving their reading, writing and maths. They are people who want to catch up on what they missed at school, parents who want to help children with their homework and those who would simply like to write a letter home.

Whatever the reason for going back to learning, the benefits are always the same. Not only do people improve their old skills, but they also gain the confidence to learn new ones.

If you find reading, writing or working with numbers is holding you back

Learning to read and write turned my life around.

Michael, Tipperary

Improving my reading and writing was the best decision I ever made.

Kevin, Offaly
