Introduction

This resource book was developed following extensive research into the specific educational needs of the fishing community. West Galway Adult Learning Centre secured funding for this research through the NALA/EBS Adult and Continuing Education Awards (ACE Awards). The AB-Sea research is available to download from the NALA website.

The material in this resource book is all related to fishing and has been specifically selected to support learners who are working in the fishing industry or have an interest in fishing a leisure activity. This book aims to raise participants' level of literacy and numeracy while simultaneously promoting an awareness of the value of basic skills within the fishing industry.

We hope that this resource book will provide support for learners in gaining confidence and skills on their learning journey.

Acknowledgements

We would like to express our thanks to all who contributed to this project:

- Adult students who generated ideas for this book
- Treasa Dundass for sharing her knowledge, skills and ideas for worksheets
- Management and colleagues in County Galway VEC
- Staff of BIM who provided support on the technical aspects of the fishing industry
- EBS for their financial support
- NALA for their support and guidance throughout the research process
- Breacadh for translation and support with the Irish language edition

Setting Learning Goals

Learning Plan

You already have many skills that you have learned throughout your life. Write down a list of things you can already do:

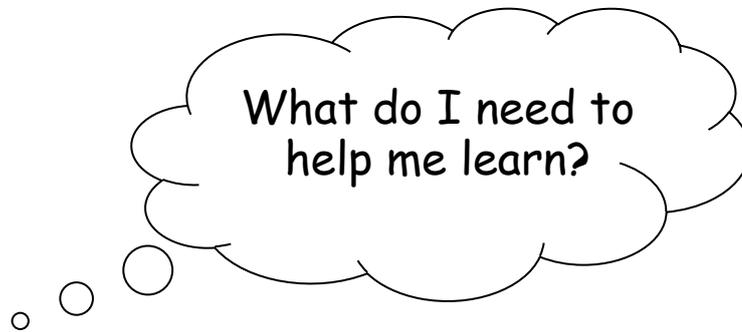

e.g. fishing, net mending, driving a car, etc

Write a list of things that you would like to be able to do:

e.g, filling out forms, read the small ads, taking notes at a B.I.M. meeting, etc.

Learning Plan

Make a list of things that you may need to help you learn:

Write down a few things that you can do to help yourself learn:

Looking Back

It is always useful to check how we are doing. Looking back helps us to see how we have progressed. It also helps us to find out what our strengths and 'soft-spots' are, and to plan new learning goals.

Look back over the learning plan that you filled in at the beginning of the course and answer the following questions:

1. The things that I am able to do that I was not so good at before are: _____

2. What helped me to learn? _____

3. I need to work on _____

4. How can I help myself to do this? _____

Learning Styles

We all learn in different ways. When we begin to learn something new, it is useful to know our own learning style so that we know what suits us best as a learner.

This questionnaire* shows what kind of learner you are. Choose one answer for each question:

1. You need to deliver something to a place you have never been to before. Do you:

a) get written directions from someone

b) ask someone to explain it to you

c) try to find the place yourself

2. Can other people tell your mood from:

a) your face?

b) your tone of voice?

c) your body language ?

Learning Styles

3. Do you tell other people's moods by:

a) the look on their face?

b) the tone of their voice?

c) their body language?

4. If you need to talk to someone about something important do you prefer to:

a) talk to them face-to-face?

b) talk to them on the telephone?

c) talk to them while doing something else,
e.g. fishing or over a meal?

5. In your spare time do you like to:

a) watch TV?

b) listen to music?

c) play sport?

Learning Styles

6. When you are not doing anything do you:

a) look around you?

b) talk to yourself?

c) fidget?

7. When you spell do you:

a) try to see the word?

b) sound out the word?

c) write it down to see if it looks right

*Adapted from Read, Write Now 3, NALA 2002

Learning Styles

What kind of learner are you?

| Answers Ticked | Type of Learner | Learning Style |
|----------------|----------------------|---|
| Mostly a's | Visual Learner | You learn by seeing; watching and reading instructions help you to learn. |
| Mostly b's | Auditory Learner | You learn by hearing; listening to instructions and talking about them help you to learn. |
| Mostly c's | Kinaesthetic learner | You learn by touch and movement, you like to try things by doing them yourself. |

I am a _____ learner.

I like to learn by _____

_____.

You may have ticked a number of different styles, this shows you learn in many different ways.

How We Learn

John's Story:

I have been mending nets since I was a small child. My happiest memories are of sitting on the pier with my Grandad, watching him mending the nets and listening to his stories. Grandad showed me what to do, step by step. He always let me have a go and never said I was doing it wrong. When I got it right, he would give me a pat on the head and say "good lad". I was so proud when I got it right. I never forgot what he taught me.

How We Learn

What did John learn to do?

How did he learn to do it?

Where did he learn it?

What do you think helped him to learn?

How We Learn

Can you think of something you learned as a child?

How did you learn it?

What helped you to learn?

Where did the learning take place?

How We Learn

Can you remember how you learned the following things?

To row a boat _____

To use an engine on a boat _____

To tell the time _____

To light a fire _____

How We Learn

Can you remember how you learned the following things?

To tie up a boat _____

To drive a car _____

To put bait on a hook _____

To know the different types of fish _____

|---------------------|------------------------------|-----------|
| STOP ! | I can't hear you! | Slow Down |
| Do you want tea? | Pull in the nets | Speed up |
| Turn off the engine | There's a phone call for you | OK |
| I don't know | Good catch! | Turn Back |

Non-verbal Communication

Role-play:

In pairs, act out the following conversation without using words.

Person 1. Hi

Person 2. Hi

Person 1. Do you have the time please?

Person 2. No, I don't, sorry

Person 1. Are you fishing today?

Person 2. Yes, are you?

Person 1. No, it's too cold..

Person 2. Not at all, I'm warm!

Person 1. That's funny!

Person 2. Yes it is..

Person 1. I have to go, goodbye.

Person 2. OK, goodbye!

Non- verbal Communication

Discussion Topic:

In the fishing industry, there are many ways to communicate with each other using signs and symbols. What are the different signs and symbols you use?

Sample answers:

- Lights on the boat to show port, starboard, stern, bow, etc.
- International nautical flags
- National flags to show where a vessel is from
- Buoys and port signage to show the way
- Symbols on maps and charts
- Safety signs on board
- Flares in an emergency

Reading - Mary's Story

I was born in a small village in County Cork. I am 51 years old and have lived here all my life. Fishing has always been a big part of my life. My father was a fisherman and he worked hard until he was an old man. There was nine children in the family and life was hard. The man I married was from the same village. He was on trawlers since he was 15. One of my sons is fishing too. I used to worry all the time that they would be lost to the sea, but I'm used to it now so I just get on with life.

Jellyfish Project to help fishermen

You can't eat them, fillet them or even sell them. Jellyfish have for many years been the curse of fishermen. At certain times of year their nets fill up with jellyfish and become very hard to lift.

The jellyfish are becoming more common in the Irish Sea due to our weather getting warmer. A research project worth almost €1 million has been set up to look at how fisherman can make money from jellyfish.

Writing Lists

Lists are useful when we have a lot of things to remember. The lists can be long or short and you can ✓ things off as you do them.

Here are some examples of lists:

To do:

- Doctor 10am
- Drop kids to hurling at 4pm.
- Check lobster pots

Bread

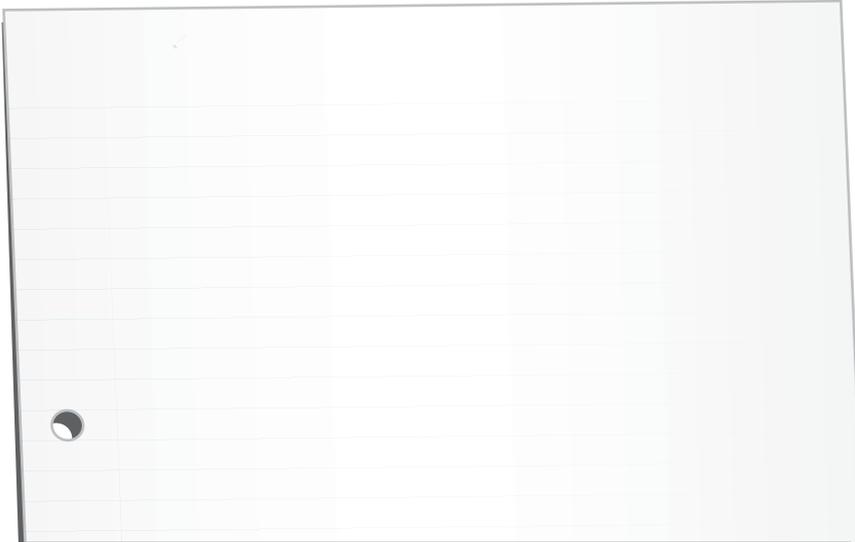

Milk

Butter

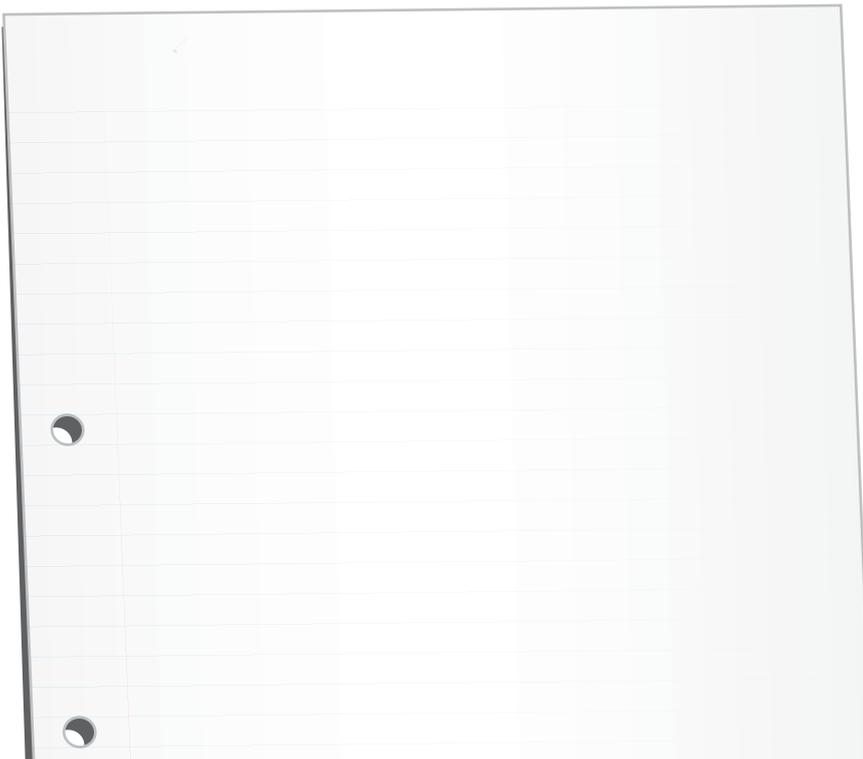

Paper

Writing Lists

You are going fishing for two days. Think about the food that you will need to bring. Write a list:

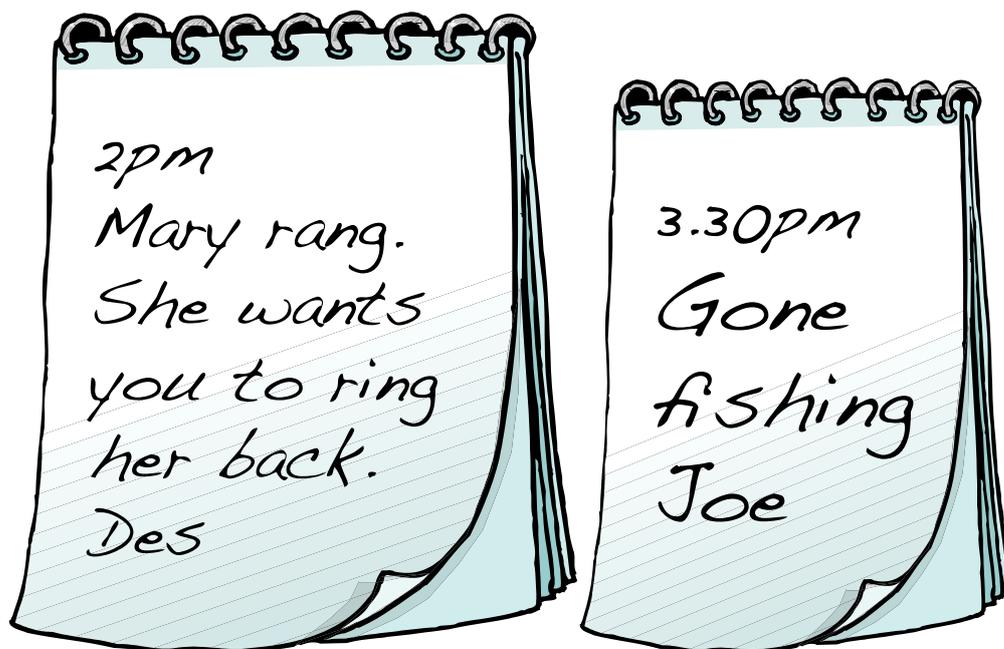

Write a list of the people you would like to bring with you on your fishing trip:

Writing Notes

We write notes when we want to leave a short message. Notes are short and to the point. It is useful to leave your name and the time on a note so people know who left the note and at what time. Look at these examples:

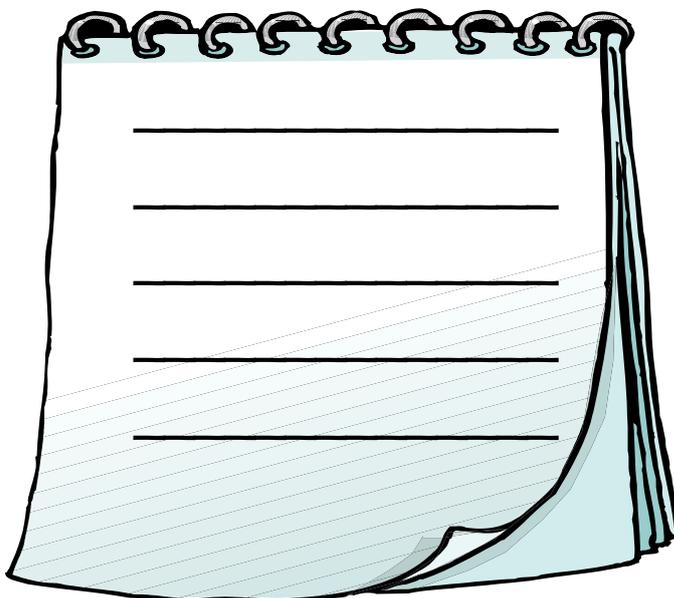

Writing Notes

Write a note to a family member to say that you are going fishing and you will be back at 8 O'clock:

Write a note to remind a friend to feed the dog while you are away:

Writing a Postcard

You have docked in France and you are going to send a postcard home to show your family where you are. Here are some useful words:

Spelling practice - 'wh' words

Underline the words beginning with 'wh' in the story:

When Jim went fishing last week he saw a whale. He was fishing away when he saw a whirl of white water. "What's that?" he said. He looked at where the water was moving and he saw the whale again. "Which way did it go?" he whispered to himself. After a while, the whale swam away. "Why did I not take a picture?" he said, "who will believe me now?"

A lot of the 'question' words begin with 'wh', put these 'wh' words into the correct sentences:

what where when who which

1. _____ is the first aid kit?
2. _____ is coming fishing with me today?
3. _____ is the name of that boat?
4. _____ are you going ashore?
5. _____ rod should I use; the long or the short one?

Creative Writing

Imagine that you are the person on the phone. You are talking to the local radio station telling them what is happening.

Using Punctuation

Every sentence should begin with a capital letter and end with a full stop. Put the full stops in the right places in this story:

John's Story:

I have been mending nets since I was a small child My happiest memories are of sitting on the pier with my Grandad, watching him mending the nets and listening to his stories

Grandad showed me what to do, step by step He always let me have a go and never said I was doing it wrong When I got it right, he would give me a pat on the head and say "good lad" I was so proud when I got it right I never forgot what he taught me

Using Punctuation

Remember that every sentence should begin with a capital letter and end with a full stop. Put the full stops and capital letters in the right places to make two sentences.

For example:

the weather was bad so we didn't go out fishing we went to Galway to buy a boat

**The weather was bad so we didn't go out fishing.
We went to Galway to buy a boat.**

i looked on the internet for a boat i found a currach for sale

i will be home on Sunday i hope to see you when I get home

Writing Stories

What's the story? Write a story to go with the picture.....

Before you start, ask yourself the following questions:

Who are the people in the boat?

Where are they?

What are they doing?

What are they saying to each other?

What happened earlier?

What happens next?

Using Technology

Computers in Everyday Life

A computer is a piece of equipment that you:

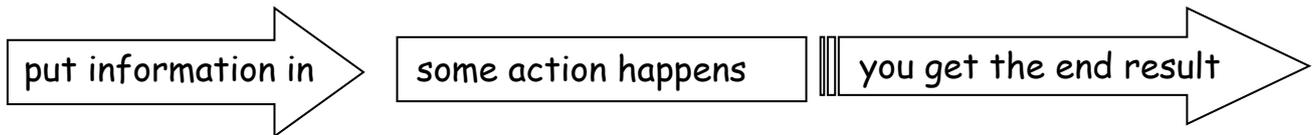

Here are some examples of how you are already using computers. Can you think of two more examples?

| | Information In | Action | Result |
|-----------------------------|---------------------------------|------------------------------------|----------------------------|
| VHF Radio | Choose a station | Radio tunes in to that station | Talk to somebody |
| Smoke Alarm | Smoke hits the alarm | Smokes turns on the alarm | Loud beeping noise |
| Supermarket checkout | Price on the product is scanned | Matches barcode to a certain price | Price is shown on the till |

Computers in Everyday Life

The same applies for using a computer, you need to tell it what to do, it does the job and there is an end result..

Here are some examples of things that you can get a computer to do. Can you think of any more examples?

| | | | |
|--|---|--|--|
| Write a Letter | Press letters on keyboard | A page is setup on the computer | Letter is made on the screen |
| Search for Shrimp Pots for sale | Type 'shrimp pots for sale' on the internet | Your computer links up with other computers through the internet | List of shrimp pots for sale appears on the screen |
| | | | |
| | | | |

Using Computers

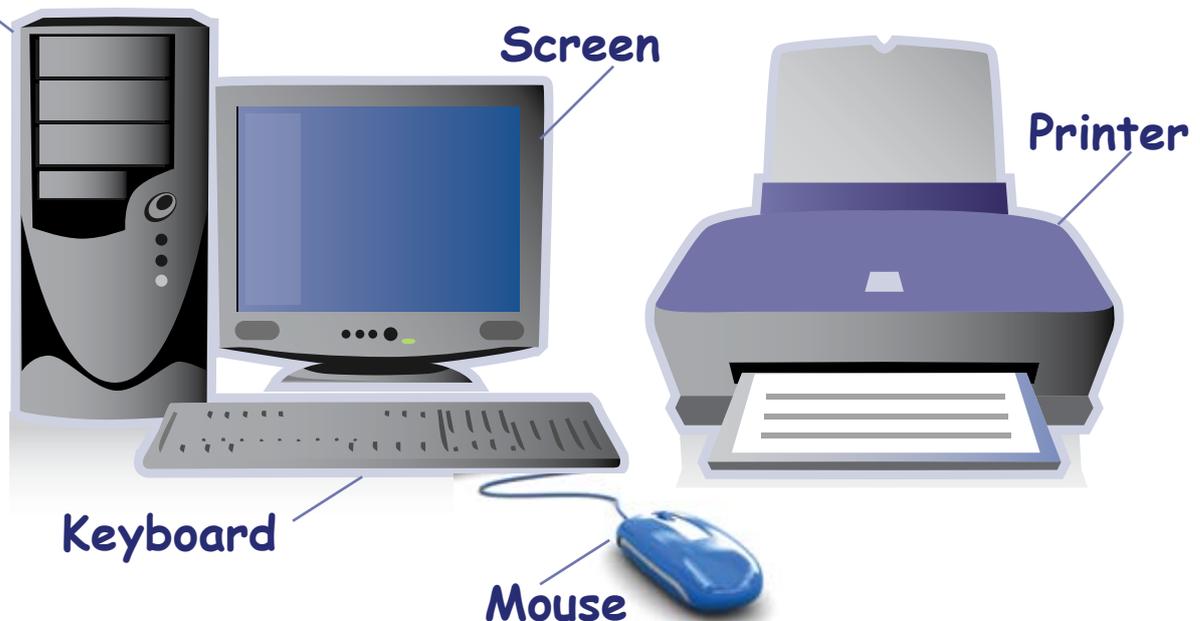

Turn on the computer

It takes a few seconds to fully start up before you can do anything.

There are a lot of items to be seen when you turn on the computer.

Your way of telling the computer what you want it to do is with the mouse and the keyboard.

Using Computers – Make a Sign

Make a 'Boat For Sale' sign - Tutor Notes

1. Show a printout of a finished 'Boat For Sale' sign to the students.
2. Demonstrate on the steps involved in opening a blank page in Word.
3. Key in 'For Sale' and telephone number underneath getting the students to do each step as you go along.
4. Change direction of page to Landscape.
5. Save the page to the default 'My Documents' explaining that this is where page would be found again.
6. Accept the name of 'For Sale' and click 'Save'.
7. Close the page using the 'X'.
8. Click on 'My Documents', click on 'For Sale' and open page.
9. Highlight the two lines of text.
10. Centre Text.
11. Make the text as big as you can.
12. Make the text bold.
13. Change the colour of text. (If you have time try out different fonts.)
14. Save the page and Print.
15. Close page. Shut Down the computer.

The Internet

Sometimes smaller words add together to make bigger words. Match the following to make up words about the Internet:

| | |
|-------|------|
| Web | mail |
| Inter | age |
| e- | work |
| Net | site |
| Mess | net |

The Internet

The Internet is a worldwide network of computers that can communicate with each other through the telephone lines and satellites.

The most common uses of the Internet are:

- e-mail
- visiting websites
- instant messaging

e-mail: This is mail that is sent electronically through the internet.

Websites: these can give you information about anything you want to know. You can use a search engine like Google to search the Internet for websites that give the information you are looking for.

Instant messaging: this allows you to send messages that pop up on the other person's screen in a matter of seconds. You can chat to one or more people at the same time by typing messages into the computer. If both people have cameras connected to their computers they can see and hear each other live.

The Internet

Discussion Topic:

In what ways is the Internet useful to people working in the fishing industry?

Sample answers: weather forecast, information from government/BIM, communication with other fishing communities, buying and selling equipment.

Using the Internet Tutor Notes

1. Ask the learners to turn on the computer and wait for the desktop to appear.
2. Identify and double-click on the Internet Explorer icon.
3. If the Google homepage does not appear, type `www.google.com` into the address bar.
4. Identify what the learners wish to search for. In this case, they are going to find:
 - a) the name of the B.I.M. website
 - b) low tide for today in Galway
 - c) the weather forecast for tomorrow in Clifden
5. Discuss the most effective keywords for their search and write them on the flipchart.
6. The learners type in their keywords and click on search. Show how you can choose to search only pages from Ireland.
7. Click on each website to view.
8. Identify and explain the forward and back buttons.
9. Using the worksheet, the learners can record their search results.
10. Identify the 'close window' button in the top right hand corner and close down Internet explorer.
11. Using the Start menu, shut down the computer.

Searching the Internet

To start using the Internet double click on this icon:

If the Google page does not come up, you can type www.google.ie into the Address bar at the top of the screen.

When the Google page appears type the keywords for what you are looking for into the search box, for example "boat for sale". Then click on 'search'.

A list of websites will appear. You can go into these websites by clicking on them.

Searching the Internet - Worksheet

Find the following information on the Internet using Google:

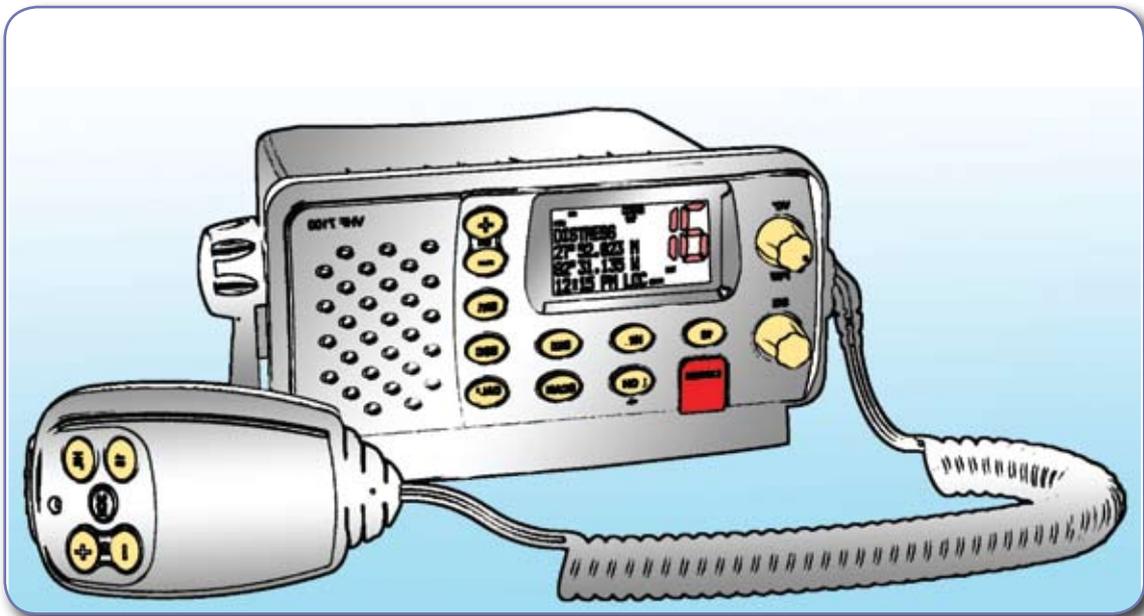

1. The name of the B.I.M. website

2. What time is low tide in Galway today?

3. What is the weather forecast for Clifden tomorrow?

Personal Safety - Using Technology

Safety at Sea - Using Technology

When a boat is in grave danger, you need to use your VHF radio to make a *MAYDAY* call. These are the steps you need to follow to make a *MAYDAY* call:

- Tune your VHF radio to channel 16.
- Press and hold the microphone button
- Speak clearly and say "MAYDAY, MAYDAY, MAYDAY"
- Say the name of the boat three times and say "I spell" and spell the name using radio code..
- State where you are.
- State what the problem is and how many people are on board
- Say "I REQUIRE IMMEDIATE ASSISTANCE".
- Listen for a response

Safety at Sea - Using Technology

Number the following steps for making a MAYDAY call in the correct order (the first one is done for you):

- Speak clearly and say "MAYDAY, MAYDAY, MAYDAY"
- Listen for a response
- Press and hold the microphone button
- Say "I REQUIRE IMMEDIATE ASSISTANCE".
- Say the name of the boat three times say "I spell" and spell the name using radio code.
- Say where you are
- State what the problem is and how many people are on board
- Tune your VHF radio to channel 16.

Safety at Sea

You are at sea and you notice that the engine is on fire. The name of the boat is Tara. There are two other people on board. You are west of Rosslare harbour. How would you call for help on your radio?

1. _____

2. This is the _____ I spell _____

3. We are _____ of Rosslare _____

4. The boat is _____ with _____
_____ on board.

5. I require immediate assistance.

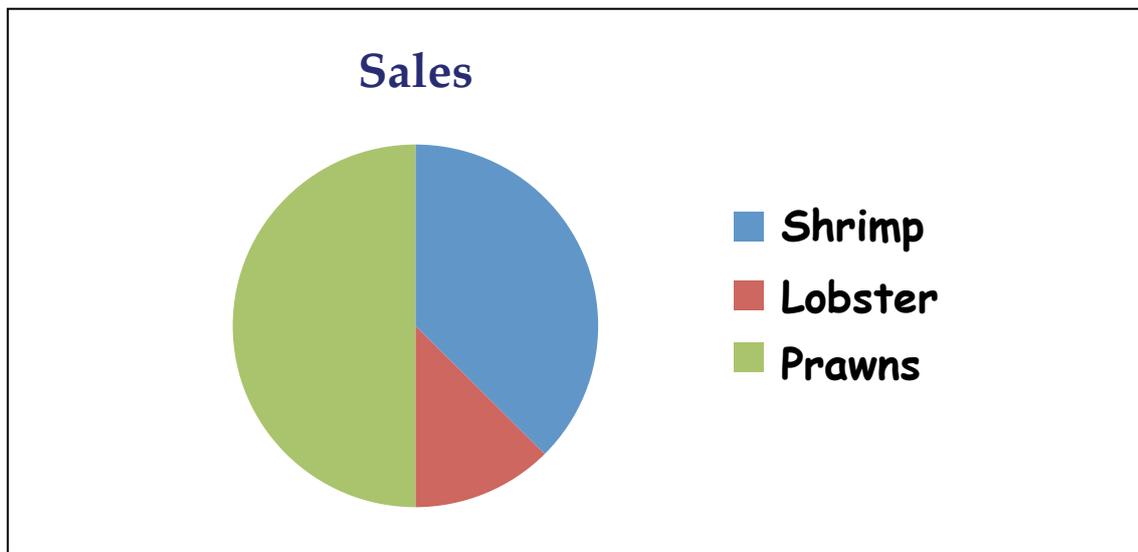

Section 7

Data Handling and Numeracy

Data Handling

The pie chart below shows the type of shellfish that were caught by a fisherman last month. The green shows the number of prawns, the red shows lobster and the blue shows shrimp.

Answer the following questions based on the pie-chart by ticking the correct box.

Did he catch:

1. More lobster than shrimp? Yes No
2. Less shrimp than prawns? Yes No
3. More lobster than prawns? Yes No
4. More prawns than shrimp? Yes No

Data Handling - Tally Charts

A tally chart can be used to record information. In this example, people were asked what kind of fish they caught last week. A mark is put into the table whenever a person says what type of fish they caught. The marks are counted at the end.

| Type of fish | Tally | Total |
|--------------|-------|-------|
| Cod | | 2 |
| Bass | | 3 |
| Lobster | | 4 |
| Crab | | 3 |
| Sole | | 0 |

1. How many people said that they caught sole?

2. What did most people catch?

3. How many people caught bass?

Data Handling - Tally Charts

Ask the people in your group if they own the following things and fill out the tally box:

| Item | Tally | Total |
|---------------|-------|-------|
| VHF Radio | | |
| First Aid Kit | | |
| Lifejacket | | |
| GPS | | |

1. How many people own a lifejacket?

2. How many people own a GPS?

3. How many people own a first aid kit?

4. How many **more** people own a VHF radio than a GPS?

Data Handling - Bar Charts

Create your own bar chart using the following information:

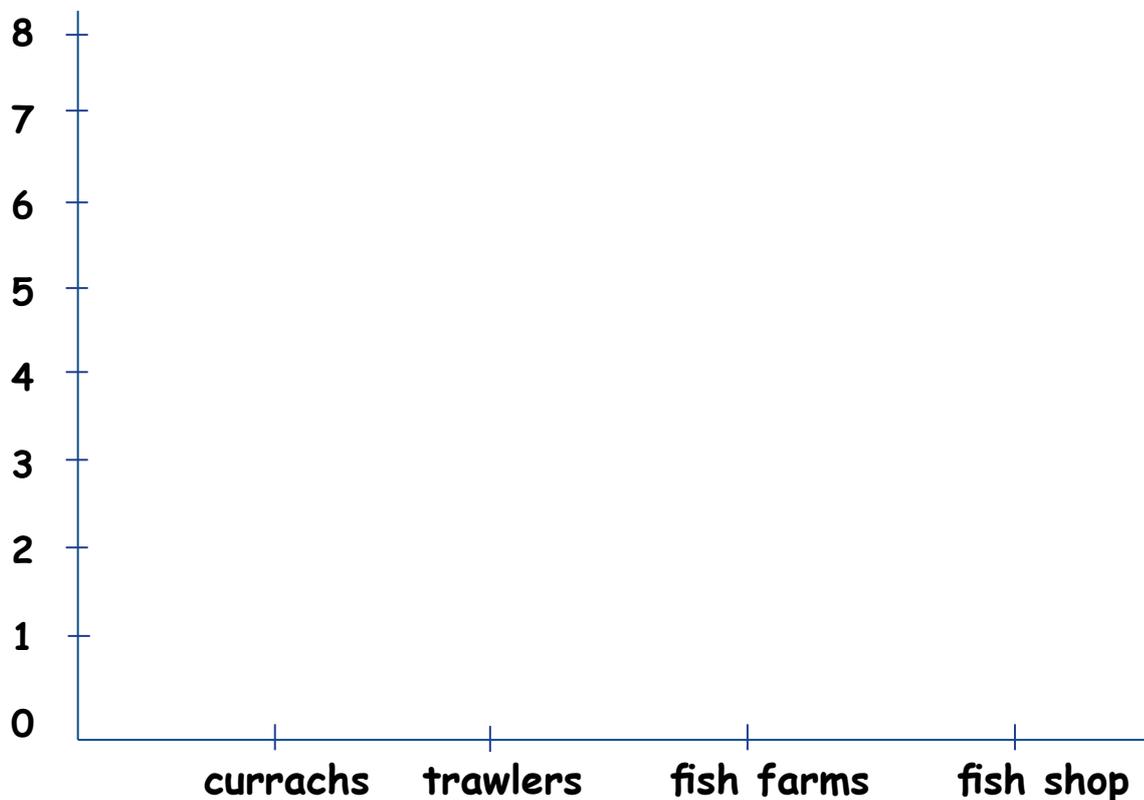

Places of work:

6 people work on currachs

4 people work on trawlers

3 people work on fish farms

1 person works in a fish shop

The 12-hour and 24-hour clocks

The **12-hour** clock uses **am** and **pm** to show whether it is morning or afternoon:

am is the morning time between 12 midnight and 12 noon

pm is the time from 12 noon to 12 midnight

e.g. 4am means 4 o'clock in the morning

10.30pm means half past ten at night

Write the following times in **am** or **pm**:

John got up at eight o'clock in the morning _____

The crew landed at six in the evening _____

The tide was low at seven on Friday morning _____

The B.I.M. meeting was on at 8.30 last night _____

Jim will be here at five this evening _____

The 12-hour and 24-hour clocks

With the 24-hour clock, the hours are numbered up to **24** instead of being divided into am and pm.

Fill in the gaps in the following table:

| | |
|----------|-------|
| Midnight | 00:00 |
| 1am | 01:00 |
| 2am | 02:00 |
| 3am | |
| 4am | 04:00 |

Measurement - Using Millimetres

A millimetre is about the width of this full stop .

There are 10 millimetres (mm) in one centimetre (cm).

1 cm = 10 mm.

2cm = 20mm

How many mm are in the following:

4cm _____

7cm _____

5cm _____

11cm _____

Measuring the size of a fish - cm and mm

Tutor Note: Provide the learners with paper representations of fish of various lengths.

The total length of any fish is measured from the tip of the snout to the end of the tail fin:

Estimate the size of the fish cut-outs.

Tip: a centimetre (cm) is roughly the width of your little finger.

| Fish Number | Estimated Size | Actual Size | Difference |
|-------------|----------------|-------------|------------|
| 1 | | | |
| 2 | | | |
| 3 | | | |
| 4 | | | |

Measuring Fish

Most fish have a minimum legal size which means that you can only keep fish that are at least the following sizes. Every type of fish has its own minimum legal size. Look at the following sizes and then, using a ruler, find something in the building that is the same size.

| FISH | MINIMUM SIZE | OBJECT |
|---------|--------------|--------|
| Cod | 35cm | |
| Herring | 20cm | |
| Bass | 36cm | |
| Haddock | 30cm | |
| Sardine | 11cm | |

Measuring Shellfish - cm and mm

To measure an oyster, you measure it at its widest point.

The legal market size of an oyster is 60mm. Can you guess which oyster is 60mm?

Estimate the size of these oysters in millimetres, then measure them using a ruler.

Put these words in alphabetical order:

1. vessel _____
2. bridge _____
3. island _____
4. crew _____
5. pier _____

In the dictionary, words are in alphabetical order.
Look up these words and write down their meanings:

Convene: _____

Infuriate: _____

Haphazard: _____

Homophones

Some words sound the same but are spelled differently and have different meanings.

For example: **write and right**

write means to form letters or words with a pen or pencil, for example:

Every day I **write** in my diary.

I will **write** a note to the teacher.

I like to **write** letters.

It is good to **write** lists.

right can mean 'correct' or the opposite of left, for example :

The starboard side is on the **right**.

Take the **right** turn at the traffic lights.

I gave the **right** answer in the quiz.

The man was **right** to wear his lifejacket.

Homophones

Put either 'write' or 'right' in each sentence:

- I _____ a letter to my family every week.

- Will I _____ you a cheque.
- Is that the _____ or wrong way?
- _____ your name in block capitals.
- The blue car turned _____.
- I _____ with my _____ hand.
- Do you think it is _____ to drink alcohol while fishing?

Using 'of' or 'off'

The words '**of**' and '**off**' sound similar but have different meanings. When we say '**of**' it sounds like 'ov' and examples are:

The pot was full **of** shrimp.

The currach was the colour **of** tar.

The word '**off**' sounds like it is spelt, for example:

Get **off** the boat!

Do not take **off** your lifejacket.

Write your own sentences using 'of' and 'off':

of _____

off _____

Using 'of' or 'off'

- Pass me that box _____ bait.
- Christmas Day is on the 25th _____ December.

- The man took the fish _____ the hook.
- Who set _____ the flare?
- Mary drank a cup _____ coffee.
- You cannot take _____ your lifejacket on board.

Homophones

Some words sound the same but are spelled differently and have different meanings,

For example: no and know

Put 'no' or 'know' in the following sentences

There was **no** bait on the hook.

I don't **know** how to use the radio.

- Do you _____ this man?
- The sign said _____ entry.
- The men _____ how to use the radio.
- Jim caught _____ fish today.

Homophones

Too, to and two sound the same but have different meanings and different spellings.

To is used when moving towards something,
for example: I am going **to** Cobh today.

To is also used with action words,
for example: I need **to** mend the nets.

Too means 'also', for example:
Mary harvests seaweed and winkles **too**.

Too can mean 'more than enough',
For example, It was **too** stormy to go fishing.

Two means the number 2, for example:

Brendan caught **two** monkfish today.

Write new sentences using the words **too**, **to** and **two**:

to _____

too _____

two _____

Using 'to', 'too' or 'two'

Fill in the gaps using 'to', 'too' or 'two':

- I am going _____ the pier.
- We will go fishing at _____ o'clock today.
- I am _____ busy _____ watch T.V.
- The wind was _____ strong _____ go fishing.

Proof Reading

It is very important to read over your writing to make sure that your spelling is correct. Read the piece below and spot the 10 spelling mistakes:

I had a very bisy day today. My trailer had a flat tyr so I had too borrow won form my brother. When I went to his hous to get the other trailer, he already had a boat on it. We had to take the boat of and put it up on blocks. When I started to toe the trailer away, I herd a noise and I lucked at the trailer- it had a flat tyre too!

Re-write the piece with all the correct spellings:
